

### Aristo Platinum Printer

The Aristo Platinum Printer, designed for the master printer who demand the best equipment possible, is now available to everyone who prints with platinum or palladium.

The Aristo platinum printer is a compact contact printer that handles materials up to 11 x 14 inches. The unit is equipped with Aristo's long life cold cathode lamp which emits the bulk of its energy in the (harmless) ultraviolet region.

Thermo control and heater insure complete uniform illumination over the entire format. It maintains optimum operating temperature (approx 120 F), insuring peak illumination from the start.

The hinged cover and clasp are adjustable to insure even pressure.

Complete System Shown

#### Specifications:
