

RoHS, REACH, TSCA, Conflict Minerals Declaration

Dear Valued Customers:

Light Sources and LCD Lighting are committed to providing you with high quality engineered lamp solutions that meet environmental regulations, including the Restriction of Hazardous Substances Directive (RoHS) - EU2015/863, the Registration, Authorization and Restrictions of Chemicals (REACH) - EC 1907/2006, Toxic Substances Control Act (TSCA) and Conflict Minerals Reporting. We are providing you with the following information to assist you in meeting your environmental policies and procedures.

RoHS Compliance

We certify that, where applicable, our lamps and accessory products comply with RoHS - EU 2011/65/EU and its amendments - and do not exceed threshold limits. In some cases, our products are outside the scope of the RoHS directive and are not applicable.

REACH

We certify that we comply with the EU REACH regulation with its amendments and we are not aware of any other Substances of Very High Concern listed on the ECHA website as Candidate List Substances (see at <https://www.echa.europa.eu/candidate-list-table>) is contained over 0.1 % concentration in the products and all the articles that are built into those products which are supplied to our clients.

TSCA

We certify that we comply with the regulations of the Toxic Substance Control Act (TSCA).

Conflict Minerals

As a global supplier, we take the Conflict Mineral Regulation very seriously. We ensure that any Conflict Minerals used are not sourced from Suppliers in any of the Conflict Regions. The latest CMRT is available upon request.
